Join our skilled guides on an exciting float down the Lowe River through the Keystone Canyon. This is a fun Class III river with amazing scenery. After a safety talk and paddle demonstration, we'll launch into the rushing, glacially-fed current. A couple miles downstream we'll eddy out and shower under the magnificent Bridal Veil Falls. After a couple more rapids we exit the canyon and make our way to the take-out, where our shuttle van is waiting for us. Trip includes all gear and van transportation from Valdez.
